1. Credit Facilities to Minority Communities:

The Government of India has indicated that care should be taken to see that minority communities secure, in a fair and adequate measure the benefits flowing from various Government sponsored schemes. Accordingly, all commercial banks are advised to ensure smooth flow of bank credit to minority communities.

Government of India has also forwarded a list of 121 minority concentration districts having at least 25% minority population, excluding those States / UTs where minorities are in majority (J & K, Punjab, Meghalaya, Mizoram, Nagaland and Lakshadweep). Accordingly all scheduled commercial banks are requested to specially monitor the credit flow to minorities in these 121 districts, thereby, ensuring that the **minority communities receive a fair and equitable portion of the credit within the overall target of the priority sector** (list of Minority Concentration Districts at <u>Annexure I</u>).

In terms of Reserve Bank's extant guidelines on lending to priority sector, a target of 40 percent of Adjusted Net Bank Credit (ANBC) or Credit Equivalent amount of Off-Balance Sheet Exposures (OBE), whichever is higher, as on March 31 of the previous year, has been mandated for lending to the priority sector by domestic scheduled commercial banks and foreign banks with 20 and above branches. Within this, a sub-target of 10 per cent of ANBC or Credit Equivalent amount of OBE, whichever is higher, as on March 31 of the previous year, has been mandated for lending to weaker sections which includes, among others, persons from minority communities.

2. Definition of Minority Communities

- 2.1 The following communities have been notified as minority communities by the Government of India, Ministry of Minority Affairs;
 - (a) Sikhs

Further, if the majority beneficial ownership in a partnership firm belongs to the minority community, then such lending can be classified as advances to the specified communities. A company has a separate legal entity and hence advances granted to it cannot be classified as advances to the specified to it cannot be classified as advances to the specified to it cannot be classified as advances to the specified to it cannot be classified as advances to the specified to it cannot be classified as advances to the specified to it cannot be classified as advances to the specified to it cannot be classified as advances to the specified minority communities.

6 Training

- 6.1 With a view to ensuring that the bank staff and officers have proper perspective and appreciation of the various programmes for welfare of minorities, necessary orientation may be provided to officials and other staff. For this purpose, banks should include suitable lecture sessions as part of all relevant training programmes like induction courses, programmes on rural lending, financing of priority sectors, poverty alleviation programmes, etc.

The duration of the programme, the course content, the faculty support to be selected etc. should be decided by each Lead Bank taking into account the prevailing conditions, need and existing skills as well as aptitude of the people in the district.

8. National Minorities Development and Finance Corporation (NMDFC)

8.1 National Minorities Development and Finance Corporation (NMDFC) was established in September 1994 to promote economic and developmental activities for the backward sections amongst the minorities. NMDFC works as an apex body and channelises its funds to the beneficiaries through the State Minority Finance Corporation of the respective State/Union Territory Governments.

8.2 The NMDFC is operating, inter-alia, the Margin Money Scheme. Bank finance under the scheme will be upto 60 percent of the project cost. The remaining amount of the project cost is shared by NMDFC, the State channelising agency and the beneficiary in the proportion of 25%, 10%, and 5%, respectively. Banks may implement the Margin Money scheme evolved by NMDFC. While extending bank finance, banks should bear in mind the guidelines/instructions issued by RBI from time to time on priority sector advances. It may be ensured that the assets created out of the loan amount are mortgaged / hypothecated to the banks. Where recoveries have been made by the banks, it would be in order if the amounts are appropriated first towards bank dues.

9 Prime Minister's 15 Point Programme for the Welfare of Minorities

Government of India has revised the "Prime Minister's New 15-Point Programme for the Welfare of Minorities". An important objective of the Programme is to ensure that an appropriate percentage of the priority sector lending is targeted for the minority communities and that the benefits of various government sponsored schemes reach the under-privileged, which includes the disadvantaged sections of the minority communities. The New Programme is to be implemented by the Central Ministries/Departments concerned through State Governments/Union Territories and envisages location of certain proportion of development projects in minority concentration districts. Accordingly, all scheduled commercial banks are required to ensure that within the overall target for priority sector lending and the sub-target of 10 percent for the weaker sections, sufficient care is taken to ensure that minority communities also receive an equitable portion of the credit. Lead Banks have been advised to keep this requirement in view while preparing district credit plans.
